

**AGP8**

8 mil WF Ultra Glossy Photo

**Read&Co.****premium quality resin coated photo base paper with a high sheen waterfast coating**

- Photo realistic prints, albums, frames
- Fast dry for high productivity
- Indoor/Outdoor posters, signage, shop display, exhibits
- Water resistant microporous coating
- Excellent color brilliance and image definition
- High whiteness for wide color gamut
- Handles high ink saturation without cockle
- Can be hot or cold laminated

## Lamination & Mounting

This product has been tested and approved for use with Read&Co. laminates and adhesives. Read Inkjet laminates provide durable protection from abrasion, moisture, Ultraviolet light and various types of damaging effects on indoor and outdoor applications. Recommendations for cold/pressure sensitive lamination and adhesives are SPEED: 3-5 feet per min and PRESSURE: 20-40psi (recommendations vary depending on the laminator, model and other variables). Read Lamination and Adhesives provide quick and efficient quality results without the need for heat.

## Aqueous Ink Compatibility

This product is formulated for a wide variety of aqueous wide format digital inkjet printers. Read&Co aqueous inkjet materials are optimized to provide an expanded color gamut and higher ink saturation for richer, more brilliant colors. Individual results may vary. Test thoroughly for your specific application.
