

AMTRA4

Read&Co.

4 mil Matte WF Adhesive Backed Tear Resistant Poly

Water resistant film with a permanent pressure sensitive adhesive and a non glare finish

- Water resistant non-glare matte finish
- Economical tear resistant film
- For indoor and short term outdoor use
- Ideal for promotional adhesive signage
- Adheres to a wide variety of smooth surfaces
- Good color brilliance and image definition

Lamination & Mounting

This product has been tested and approved for use with Read&Co. laminates and adhesives. Read Inkjet laminates provide durable protection from abrasion, moisture, Ultraviolet light and various types of damaging effects on indoor and outdoor applications. Recommendations for cold/pressure sensitive lamination and adhesives are SPEED: 3-5 feet per min and PRESSURE: 20-40psi (recommendations vary depending on the laminator, model and other variables). Read Lamination and Adhesives provide quick and efficient quality results without the need for heat.

Aqueous Ink Compatibility

This product is formulated for a wide variety of aqueous wide format digital inkjet printers. Read&Co aqueous inkjet materials are optimized to provide an expanded color gamut and higher ink saturation for richer, more brilliant colors. Individual results may vary. Test thoroughly for your specific application.
