

# SOFAB

Removable and Repositionable  
Adhesive Fabric

**READ**&Co.

## A Fabric With A Completely Removable And Repositionable Adhesive.

- Compatible with solvent, eco-solvent, UV and latex inks
- Friendly adhesive makes this product ideal for wall covering and retail environments
- Porous fabric allows for easy bubble free installation
- Not necessary to pay for a vinyl installer (SOFAB can be installed by anyone)
- Can be repositioned or reused several times
- No lamination required

## Lamination & Mounting

This product has been tested and approved for use with Read&Co. laminates and adhesives. Read Inkjet laminates provide durable protection from abrasion, moisture, Ultraviolet light and various types of damaging effects on indoor and outdoor applications. Recommendations for cold/pressure sensitive lamination and adhesives are SPEED: 3-5 feet per min and PRESSURE: 20-40psi (recommendations vary depending on the laminator, model and other variables). Read Lamination and Adhesives provide quick and efficient quality results without the need for heat.

## Solvent, Eco-solvent, UV Curable And Latex Compatibility

This product is universally compatible with solvent, eco-solvent, UV curable and latex wide format digital inkjet printers. Read&Co inkjet materials provide an expanded color gamut and higher ink saturation for richer, more brilliant colors. Individual results may vary. Test thoroughly for your specific application.
