DOUBLE-COATED FABRIC BANNER

A Premium Double-Coated Fabric Banner

- Full 126" wide premium fabric
- Ideal for lay flat applications
- Compatible with UV curable and latex printers
- Coating will not crack
- Polyester fabric can be recycled
- Environmental friendly water-based coating, no pollution due to coating process such as DMF, toluene or butanone
- Neutral acidity (acid free) and archival

Lamination & Mounting

This product has been tested and approved for use with Read&Co. laminates and adhesives. Read Inkjet laminates provide durable protection from abrasion, moisture, Ultraviolet light and various types of damaging effects on indoor and outdoor applications. Recommendations for cold/pressure sensitive lamination and adhesives are SPEED: 3-5 feet per min and PRESSURE: 20-40psi (recommendations vary depending on the laminator, model and other variables). Read Lamination and Adhesives provide quick and efficient quality results without the need for heat.

UV Curable And Latex

This product is compatible with UV curable, latex digital inkjet printers. Read&Co inkjet materials provide an expanded color gamut and higher ink saturation for richer, more brilliant colors. Individual results may vary. Test thoroughly for your specific application.
